UNUSUAL OPPORTUNITIES OFFERING

When a crisis hits the Seventh-day Adventist church, we need to be nimble and agile to respond rapidly. By so doing, we can turn a challenge into a new opportunity to increase the impact of God's mission throughout the world. Last year, thanks to your generosity, we were able to give $1,000,000 for schools in the former Soviet Union when we heard of the urgent need for help. Many of the school buildings were crumbling and in desperate need of repair, and several more urgently needed to be built. Without the Unusual Opportunities Fund, many of the children in the region would have grown up without ever receiving an Adventist education.

Unusual opportunities require a rapid and generous response from God's people. That's why we're asking you to give generously to the Unusual Opportunities Offering appeal on September 14.

Help us prepare for our next unexpected chance to share Jesus by giving to the Unusual Opportunities Fund. Mark your tithe envelope "General Conference Unusual Opportunities Fund" on Sabbath, September 14 or call 1-800-648-5824 today!
